When we were in the prison in Mírov- **Czech Republic** , it was raining so terribly and we started praying for it to stop raining. It also happened to us in the Rýnovice prison, and there it stopped raining after the prayers. Well, I

started to pray and I perceived one thing, that the Lord will stop the rain only when the testimonies begin, when He is glorified, when we call Him, we let him into this prison. You know, if there is praise, it's right from the start, but with Ego it's different and the fact that we don't get to Mírov just like that, and as I was told that such an event has never been here before, so we smuggle Jesus here in another way. Based on the Holy Scriptures: "**Phil 1.18** What's wrong with that?! Only let Christ be proclaimed in any way, whether under any pretext or sincerely. And I'm looking forward to it and I'll be looking forward to it" And notice that it was played in the courtyard, in front of us and all around us in the windows of the convicts, so he listened to almost all of Mírov . Praise the Lord.

Part of a letter from Tomáš from the prison in Opav Czech Republic: " Christ's peace to you and your entire family, I think of you every day in prayers and supplications, that the Father may always bless you as before, because

Bez Ježíše nemůžeme s nikým bojovat, ani s hříchem, se satanem se svými sklony ke zlu, budeme akorát bojovat sami se sebou a

doing God's will is about patience and, above all,

perseverance." Sometimes it's not easy, but let's do it with joy. They say: life is a struggle, but I say: life is Jesus Christ. Without Jesus we cannot fight anyone. Not even with sin, with Satan, with your evil inclinations. We will just fight with ourselves, and it is clear that without Jesus, we have lost every battle in advance. But with Jesus, it already makes sense to prepare for the fight, because the fight will come sooner or later, and let's march together with Jesus. With Jesus, we will repel every arrow from the evil one."

Contribution of Jakub Slaninka (on the left in the photo): " I want to testify about what happened in the last week. Last weekend I completed a spiritual renewal with Father James Manjackal with my parents . We also met Michal there. The evil one tried to make this action impossible for people in various ways, but in the end, Jesus wins. I could talk about many moments when God spoke to me and touched me, but I want to talk about one that touched me the

most. My mother has been very ill since she was 30 years old and has been diagnosed with 12 diagnoses. She was very troubled that 7 years ago she was diagnosed with an intolerance to cow's protein, as she loved cheese and dairy products. Since then, she couldn't do anything that would come into contact with milk in any way. No cheese, no butter, not even chips that contained milk and such. But for the whole 7 years, she believed that there would come a moment when it would end. Through this spiritual renewal, Father James prayed a prayer of healing and named Mom's diagnoses, said her name, and said she was healed and blessed. Mamina was in complete awe and was very happy and they were giving praise and thanks to God. When they got home, mom immediately ate cheese. There was nothing wrong with her. Normally she would have convulsions and her tongue would tingle. She had cheese again in the morning. There was nothing wrong with her. She ordered a lactose-free lunch on Sunday. But when she came for lunch, she was told that they no longer had lactose -free . So my mother said to herself that it doesn't really matter at all... I was healed! So she had a normal lunch for non-allergic people and she was not at all sick. The Lord healed her completely and set her free. The Lord is faithful and longs for each of us. When Michal and I were in the **Košice-Šaca and Rimavská Sobota prisons on Thursday**, I testified about this healing. When we finished in Rimavská Sobota,

When we finished in Rimavská Sobota,

one of the convicts came to me. He was a 28-year-old guy and he said to me: "Hello. What you said really touched me, it affected me... My mother is also sick. She has spots on her hands and I don't know what's wrong with her. Could you please pray for her?" I wanted to cry and I was happy at the same time. God touches the prisoners who think they have lost everything and are no longer entitled to happiness. But God gives them another chance and we see with our own eyes that he is fighting for their hearts. Amen" You probably already noticed that sometimes I also give a letter as a reaction to the given prison we visited, but here is one reaction to the prayers of praise in Košice - Šac, from a brother whose monkey-devil did not want to let go behind us. So look how our Lord Jesus Christ solved it : **Part of a letter from Matúš from prison Košice - Šac** : "Good day, Mr. Mgr. Libant :) How to start? I will start with exactly what is happening in my life :). I will start from the end :). A meeting with you personally at the very end of your concert here in Šac :). You know what? Lord Jesus Christ is such a "dude" :) that he did everything so that I could participate in any way, based on any circumstances, events, adversity here within the institution. Through our moving out of the ward due to remodeling, then my indisposition due to a football injury and my torn achilles tendon , and finally the clerk who could take me because he heard that I really wanted to go to the Dismas concert , but he didn't have me on the list, so I didn't take it : (. That didn't change the fact that I didn't hold a grudge until the last moment! And that's because you know how it goes in the institute :) It was the successors who got the haircut , let alone us from another department! But everything is the praise and honor of the Lord (Jesus) and He arranged it in a way that only He and no one else knows! And the second clerk took me to get a haircut from tract "B" to tract "A", where there was also a concert and at the same time there is also a barber there :). What does it mean? That if a person surrenders himself completely to God and trusts Him 100%, that He creates everything in my life and that He will always hear sincere prayers and prayers directly to Him, just as St. Faustina and many others in St. It is written that whatever you ask the

KRISTUS BOL TĀM ĒDŅI, SKRĒJE VĀS TĪDĀL RĪKŅI, MĒMĀLĀ JĀ, A ĀZ PLĀCĒŅĀ RĀDĒSĪMŅĀ

Lord with a pure intention and heart, he will fulfill it :). And this is also my case directly from Him! This made me believe in Him even more and I belong to Him completely, because He wants it this way!... Praise Him and all of you! Otherwise, he arranged it so that I am and will be fascinated by it for a long time and I will never forget it! A powerful experience, perhaps stronger than the concert itself, because everything is exactly as it should be! Why? Because my

greeting when I called you after the concert and wanted to introduce myself to you, who I am, that I am Matúš Olexa , who wrote to you on 10 pages. letter etc... so when you came to me and gave me your hands, the Lord Jesus ministered through you until the end of my request, and that is because you are already Mr. Libant Michal, but Jesus was and certainly is still in you! But I will never forget that moment when I looked into your eyes, you were so radiant that I ran out of words and I only wanted to be in your presence at that moment. Why? Because Jesus Christ was the one who gave me hands through you. He smiled and I'm crying with joy, what I'm writing to you now! I love, yes, I love Him (Jesus Christ) with my whole being and I thank Him for everything He has given me to taste throughout my life. And even now. You are a wonderful person

and you have my admiration, big and deep, bows, recognition, because you are doing the most right thing in people's lives! Because God himself wants it that way :). Praise to you and praise to the Lord that he found love in you and gave you this talent and gift :). There is so much I want to write to you that even words are useless, because there is not enough ink or paper to confess everything that I have experienced :). It is a true testimony that a human being cannot describe in such a word order! It is the Holy Spirit who officiates and wants him (JK) to be glorified for his greatness! Well thank you :). Now I'm going to pray and continue :). This entire letter belongs to Jesus." Indeed, to trust is to have faith in Jesus, that He will always take care. The whole NL is always about the same "**God loves you** ".

Alexandra Hercegová 's contribution (in the photo from 6/25/2022 she is in the middle): "I was in prison for the first time. At the entrance checks, barbed wire fence and mirrored glass, I realized that we are not going there for any excursion or for fun. It dawned on me that a few meters away from me would be men who might have killed, raped, kidnapped, or done something worse to someone. My relationship with men is

complicated in general, and with those who have not been fair for a long time, it is even more complicated. But already after the first minutes when they entered there, I strongly felt the Holy Spirit who was there with us. Daddy was showing me that He loves His children in front of me no less than me. That they are equally dear to him and mean an awful lot. We felt strongly about their loved ones who remained outside. We have seen how the Lord touches their hearts and how perhaps He started something new in some just today. It was all very personal, close and deep for all of us. Samej showed me in what kind of prison I keep my heart and how it doesn't matter at all that it was like that until now. That it is enough for me to decide for Him again, because He has not gone anywhere. These imprisoned men today served me much more than I served them .

Photo : Oráčov Prison, L' múry concert : "ORÁČOV, June 29 (VSČR) - On Sunday, June 26, in the morning hours in the gymnasium prison the voices of the Slovak Christian group L'Múry were heard . The concert carried out under the auspices of the Dismas community . In the beginning , she thanked chaplain the prison , the prison management and all those who with participated in the organization performance . The concert was attended by 55 convicts who welcomed exiting by applause . Later they could listen to the Christian ones songs that _ they blended stories from prison environment which _ came from the mouth of a long -time employee of the prison service and the founder Michal Libant 's Dismas community . For convicts they could a flat stories encouragement that even their life story could end up good . The Dismas community tries to correct the condemned with the help of faith and helps them even after their release ." Here I

would like to share with you one fact that happened to us during the three prisons we visited in the Czech Republic. When we left Rýnovice prison , which is in the north of Bohemia, we went west to the German border, to the Karlovy Vary district to the village of Přílepy , where we were supposed to spend the night in a hostel . As we arrived there, the music was playing, we saw the stage, the stalls and we learned that there was a " Pilgrimage ", that is, a Christian pilgrimage, but over time it became a feast, or there is another name, and that is indulgence . In any case, we couldn't sleep much, as the music was playing very loudly, so we went for a walk and that we were going to worship in the temple. Well, we didn't find a temple - a church in the village, only a small chapel that was open and there was a light, but it was so run down, neglected. The next day we had breakfast and the nice grandmother asked where we were going and so on. So we told her what our service was and then I asked her if she believed too. She answered me firmly that certainly not, because if there was a God, he would not allow what is being done. A classic answer to which I do have

an answer, but it's really for longer and many people don't even want to hear it. So I asked her where the church was, since I didn't see a church in the village, and she answered that it was in a neighboring village, so I asked her for the third time, because I saw that she had a lot of insight, if she knew anyone, who from her village goes to the church in the next village at least on Sundays. Her answer blew me away: "No one is coming". That is the reality brothers and sisters, let us pray.

Photo : during the transfer from the prison in Oráčkov to Ostrov, we went to Holy Mass in Karlovy Vary , which was served by the chaplain from Ostrov Penjuk Andrij ThLic . And it was all in Ukrainian and not only that, and our brothers from Ukraine were there, and as you can see, there are two big Ukrainian flags. In this way, we prayed for peace in the world.

After the performance at the Ostrov prison , I talked to two nice officers. I asked them how they liked the performance. The answer was that they liked the music, but only the music, because, as they themselves said, they are atheists. And the one said to me: "Why don't we go play with normal people outside". So, the experience I had was that in the prison in Ostrov, where there were up to 50 men, there were indeed tears and the Holy Spirit was powerfully touching, but these members were not, even though they were almost on the whole program. And that is the thinking of the "righteous" ... I have not killed anyone, I live an orderly life, but God will not touch such and will not justify them. We also know it in the part of St. scriptures: *Lk 18,9-14* . That is why he also says in another place that publicans and harlots precede you into the kingdom of God. (*Mt 21,31*) Normally, after this fact, I can only cry. Therefore, let us be the true heralds of the gospel where we are.

Official source: <https://www.abu.sk/archiv/spravy/v-trnavskej-arcidieceze-ukoncili-slavnostnou-svatou-omsou-dieceznu-fazu-synody> : "TRNAVA June 29, 2022 - Today, on the feast of St. Peter and Paul, the Apostles ended the diocesan phase of the Synod on Synodality 2021 - 2023 with a solemn Holy Mass in Trnava. It was celebrated by Trnava Archbishop Mons. Ján Orosch . After the ceremony in the Cathedral of St. John the Baptist was taken by the coordinators - members of the Archdiocesan Synodal Team to the nearby Archbishop's Office, where together with Trnava Archbishop Ján Orosch, they continued to talk to each other during a thanksgiving dinner for their meritorious work in leading the diocesan phase of the Synod on Synodality , which was formally concluded today in the Trnava Archdiocese." I will mention one incident that happened when the archbishop was talking to us about the service and of course everyone had their cell phones switched off, including me, but suddenly my cell phone started vibrating, so I grabbed my bag and I already knew what it was about. It was 8:00 p.m., so I looked at the archbishop and he was talking about important things, so I decided to start praying alone. I put my head down, I gave you over to my intentions, and when I finished praying the "Our Father" I stopped, because when I walk around prisons, I say that wherever I am, I pray where I am and preferably with those what are they with me So I decided to address the archbishop, I told him that we have been praying this prayer for 7 years and all the members stop doing what they are doing at this hour. We will meet in prayer where we are and together this way we connect spiritually even at a distance. As I told him a short testimony, he stood up and called all the priests and important persons in the Trnava region and told them that "we are going brothers and sisters to pray for our brothers and sisters in prisons". So it was a longer prayer and he called on you

and co. all the
choirs of angels,
powers,
dominions, whole
hosts of angels to
watch over you
and your family. It
was a powerful
time. Then they
asked me how our
company works.
Dismas. So I
started testifying
and I will tell you

that I was released only at 9:45 p.m. Indeed, the Lord had a plan so that even such important people, who are often very busy, would hear that God likes to walk behind the walls of prisons and listen to prayers. Praise you, Lord. **Photo -**

Part of a letter (photo) from Chiere from SEND Prison England:

God has told me to write since meeting Micheal, here at Send, I knew god wanted me to be apart of Dismas aswell. I've been Roman Catholic for a little over a year now and couldn't be happier. I

for a long time, but I never felt well enough to write this letter to such wonderful people. God told me to write it after the meeting with Michal, here at Send . I knew that God

chose Mother Mary as my patron because I have a strong connection with the Virgin Mary. When I think of what they did to our Lord and our Mother, I cry and my heart hurts. I know what you are doing is amazing and I am praying for you all. I hope one day I feel good enough to be like you. With love Cherie "

Part of a letter (photo) from Koloman from the Leopoldov prison: " but praise be to God, the Lord is above me and here in Leopoldov they did a big examination and found out that I no longer need to take the insulin that I administered once a day and they gave me insulin instead pills, as my sugar is low. My little brother, I am happy and I pray to our Father for healing. Michal, the doctor tells me at the clinic that the measurement values are excellent, whether I'm on a diet, honestly, I shouldn't have lied to her, I wouldn't even allow myself to. I replied that I sometimes treat myself to sweets, so she laughed and I said that my Lord is with me. So we talked, she asked about my faith, so I said that I belong to the DISMAS brothers and she said that she knows you, so I'm glad." Just to clarify. Koloman was transferred from the institution because he is a strong diabetic and when they did a lot of tests on him in & leopold after the prayers, they found out that he had such a low level that they only gave him pills and the doctor did not forget to testify about it happened and he evangelized her . Nothing is impossible for God.

On Thursday , June 30, 2022 , I hurried to visit our **brothers in the prison in Hrnčiarovc iach .** **Photo : special pedagogue Václav B. in front of this prison .** When I entered the institution, they asked me if I could go to one of the special OBR departments (departments from the security regime - they mostly house so-called maladaptive convicts who are dangerous or can harm convicts or staff) regarding

one convict. I agreed and I believe that Vlasto , who is currently at OBR and cannot attend our meeting for security reasons, was encouraged and that if one trusts in the Lord, everything is possible, because He looks for one lost sheep and leaves 99 like that (*Lk 15 ,3-7*). So this word came to me for this situation. Believe me, more and more often the Lord puts it on my heart to tell our members that they are a light for others and that light has different qualities than darkness. The great qualities of light are humility, modesty, helping others and praying for enemies. Then a person completely separates himself from the logic of this world, and he no longer puts the light that the Holy Spirit ignited under the table, but places it in the middle of the room so that everyone can see it, because that is the purpose of light. I bless you that you would be in the right place showing them a clear path to heaven, because **Jesus is the only way!** (*Jn14,6*) And now I would like to mention one of the goals of our visit to this particular prison near Trnava. And that was the presentation of a gift and thanks for

the fact that some members participated in the synodal process and received a rosary (see photo).

Roma Martin David scored in the Slovakian round of the Heart in the Palm 2021 award in the Volunteer helping Slovakia category. Roma from Čičava was selected from among 315 nominated individuals and organizations. Until now, it is not known that a Roma would receive a similar award. His volunteerism is remarkable not only for his Roma

nationality, but also for his health handicap, his advanced age and his service to prisoners. It helps poor people by distributing used clothes, implements music programs and educational activities in prisons , helps young people in Roma settlements to find their own self-worth and assists in the implementation of dance and theater youth activities as an accompaniment . I invite Martin to the prisons and I have to write that our cooperation is not only with me within Dismas , but also my wife Mirka regularly sends him through Jožek Šiška to Čičava cars full of charity, clothes and what people need, especially Christians. I will write for everyone that we are glad that we could contribute, help Dávid,

as a Roma, get to this award. We are very much looking forward to it, because he is our brother in arms and may it all serve for the Lord's glory.

Adam Likavčan's contribution from a visit to the prison in Leopoldov (see photo) : " *PBJK! On Sunday 03.07. I had the opportunity to meet again with the brothers behind the walls of Leopoldov, where we celebrated two St. masses. At one of them, my brothers joined me with a guitar and a cajon (read cajon), and since some of the strings on the guitar were torn, I gave them new ones. Others shared with me what happened during the Lámačské laud performance in May. In the middle of the prayer, they came for one condemned man and took him away. Well, not because he did anything wrong, but because he was let go! And that's not just any thing, it's God's grace. Daddy works miracles even today, just open your heart to him . BVŽ+*"

carried out missionary activity precisely in St. Cyril and St. Method.

Contribution of Maroš Bilík (in the photo, my brother next to me and our new help in the service Nikola) : " +PBJK

4.7.2022 we went to serve our brothers in Moravia, more precisely to the city of Velehrad . It was a very blessed time where we met many famous people. The pilgrimage/

indulgence that takes place there every year is in honor of Saints Cyril and Methodius. It could be seen that this fair has a long tradition. The city surprised us with beautiful historical buildings and a huge cathedral. There was not only a secular program such as merry-go-rounds, stalls, but also a lot of spiritual program, be it praises, masses, testimonies or workshops. Captain Michal Libant also had one of the workshops , where he spoke about the Dismas community. It was a great pleasure and blessing for us when a priest passed by while walking through the square, whom Mirka Libantová was the first to greet + Praise be to Jesus Christ. The priest's surprising reaction was: " Hmmm , you are Slovaks and where are you from?" After a short conversation with him, Michal says: "We are a Christian prison community - Dismas. We go and preach and encourage the faith of the prisoners, both in Slovakia and in the Czech

Republic, and we plan to go to Olomouc next week." The priest said: "Wow, that's a worthy activity, I'm happy about that." I am the Bishop of Olomouc Diocese (Bishop Josef Nuzik), and I will gladly bless you!" The bishop raised his hand (**see photo**) and said: "May the almighty God the Father, the Son and the Holy Spirit bless you, your service, the whole family and the community, amen!!! The Lord God miraculously timed it and it was a great encouragement for us that we received a blessing from the bishop in this way. #PANSASTAR. In the

crowd of 15,000 participants of that beautiful meeting, I also noticed a chaplain Mgr. Blažej Pelán from **the Pilsen Bory prison**, which I visited before the corona (**see photo - near the blue van**). He took me to the prison presentation, where I found interesting pictures, that is, photos, and one of them was the chaplain from Ostrov,

who we two ago they visited for weeks and I am conveying this photo to you. **Photo : in a prison cell during an interview with a chaplain from Ostrov Penjuk Andrij ThLic .**

Part of a letter from Eubomír B. from the prison in Sučany (photo): " It's been the third year that I've been in prison and you know, my mother didn't want to talk to me." I guess she also changed her number, and I also received a reply from the social curator that my mother is not interested in communicating with me. After years of praying, God the Father heard me and the teacher called me saying that I had mail, I

was wondering who it was from. And my mother wrote to me that we are her children, whom she loves, so I was very happy, even though I cried because." We see again how God works through prayers. Do you know why I keep posting these letters? Because it is for your encouragement and mine to draw us closer to God, so that we do not falter in our faith in Him.

Part of a letter from Eubomír from the prison in Ilava (photo + image): " There are moments in life that force us to slow down and think. And your

letter is exactly such a moment for me. That Sunday I went to both mass and a concert. The guys were great, so authentic. I believed every word and every note they played. Of course I saw you there, somehow you can't be missed and I wanted to jump after you several times, but you still had a lot of people around you and I had a slightly different idea about our meeting, so I left it for the future. I thought we would have another chance to talk this week. We played such a theater play, with a Christmas theme. I also had some musical input with our psychologist, who sings very well and above all cleanly. I thought I would meet you there and chat. Well, next time. Despite everything, I saw you once, but I feel like we are together every day. "Does it also happen to you that you meet a person and it's as if you've known them

for years? To me, yes, it is mostly about brothers and sisters who are full of the Holy Spirit and have peace in their hearts.

Photo: 7/7/2022 on Thursday, the family from Dismas met with Bishop Rábek in Bojničky

Part of a letter from Viola from prison in Bratislava: "Are you very much right that many people tell me and laugh that I am suddenly a believer?" I was still there, I just got off track, but that happens too. At first I thought that GOD was angry with me, that I was not doing well, but then I understood again that HE was WITH ME all the time. I try to be a good Christian, even if I don't always succeed. There's women there with me, and their men, brothers are locked up too, and they're writing letters to them that they've believed and so forth, and these women wonder if they've gone crazy. And I told them, DISMAS was with them, who was sent by God and miracles happen. "We are so happy, and I believe you too, that this is how God-Father acts and uses us to spread the gospel and for his glory. I would also like to add to this letter that she was forgiven for serving her sentence in BA. Thanks Jesus.

However, similar performances did not fulfill them until they worked on playing praises - worship. They brought this genre to everyone involved.

Part of a letter from Tibor from Košice-Šaca prison (photo): „ Braček Michal, I have a testimony for you. The person to whom you are writing was at bat with me in the room, and it was not

good between us, because that monkey had a strong grip on him. You know, I preached the Word to him, but he kept telling me that what is written in the Holy Scriptures are delusions. It also bothered him that I pray in the room and I will tell you that it was not pleasant for me twice. Well, I prayed to the Lord God as follows: Lord, I am begging you, show him the truth about yourself, just as you showed it to me, so that he is no longer deceived by that monkey. Amen. And you know what I'll tell you, I signed him up for the concert, I don't know why I did it. But now I know that the Lord arranged in this way, he also gave you his hand afterwards. And you know what, brother Michal? When we got back to the bat and got to the room, he broke down in tears and told me that everything I told him was true, he just didn't want to admit it. He also

said that the monkey received an unshakeable wound. The Lord looked up to my humiliation and exalted me, praise the Lord God for that!

Photo: Sunday morning 10/7/2022 and traveling to our brothers in Košice in the city for detention, as there are two prisons in Košice . Two St. Masses and testimonies on the feast of the Lord.

Editka Krehiková's post on the photo on the right :, they visited the nearby St. John the Baptist Cathedral. Here in this temple precious relics are kept. The remains of the blessed bishops Peter Pavel Gojdič and Vasil' Hopko are kept here. They

were imprisoned during communism when the church, especially the Greek Catholic, was persecuted, when they wanted to destroy the loyalty of the church to the Holy Father. The Shroud of Turin (a faithful copy of it) is also kept here. in which the body of Jesus Christ was wrapped and placed in the grave. You can see the wounds, the suffering of the Lord, who underwent this for us. We all looked in awe at this holy plate, where you can see the imprint of Jesus' face and his holy body. Next, we went to the church of the Franciscan Fathers. A Franciscan brother was waiting for us there, who presented us with a beautiful collection of relics of saints and blessed ones. There were about 400 of them. With each relic (bone), the clothes he wore, there was a name and a photo or picture of the saint. It was something wonderful, "Being among the saints". I was struck and moved by this place - I see the place and the real people who lived in this world, at different times. They recognized the Lord, obeyed him and lived their one life in order to please God. They also had struggles, crosses, suffered for the Lord, but they trusted him, had faith and persevered until "that day" when they met Jesus. Jesus invites you, brother and sister, and calls you to know him and believe, he invites you to holiness." In the photo, we were reading letters together, praying for you.

Photo: Prešov Andrej Galajada, Marian, Sunny's brother from England . As always, we dealt with visiting prisons. After the prison in Košice, my family and I hurried here with the whole family. The road was difficult, the monkey was in charge, but even 350 km did not stop us. **Photo: Skalka near Trenčín, Nové Svitanie festival on 10/7/2022** , as you can see in the photos, several of us from our community were called to give a testimony of hope. Dominika Gurbaľová also came. On the right of the photo **in the middle is Gary**, who came to meet us, as **New Dawn was founded in**

England 1/8/2022 – 5/8/2022, and it was Gary who was with us this year, because he is the one who leads and organizes

it all over the world. Well, as he listened to the testimonies, he told us that I in England have such a global meeting in Augusta and said that if Mr. Yes, we could come. As we continued to talk, tka said that he was canceling speakers, so we'll see. We came home in the evening and the next morning we left for Medjugorje. **Photo : Bosnia and Herzegovina,**

Medjugorje on July 12, 2022 at Patrik and Nancy 's castle . Where I brought her a rosary made from life sentences by Miloš, as she gave us a blessed gift a year and a half ago medallions of the miraculous medal to make these rosaries. And as I started to testify to her, she asked me that she also cooperates with television on three continents .

Part of a letter from Robert from Sučany prison: "I took the liberty of drawing a picture of the Holy Virgin Mary praying for the entire DISMAS community. And especially for you, because you are very wonderful and you are my family. From this site, I do not regret being where I am at all. If I wasn't here, I probably would never have known you or our unique God the Father. Thank you very much for the letter and also for the previous one, where I also received a picture of our Lord Jesus for the name day. It made me very happy in my heart, THANK YOU! Of course, I'm happy to take the quiz you offer me. We are a family and the more we are, the stronger we are against evil and our prayers

are also stronger. So I am with you and everywhere and always. I have news, I asked Saca prison to release me to Martin prison and it worked, so I'm staying here in Martin. I prayed about it and put it in my hands, for the care of our Father. He took care of it. And as I mentioned before, we are three brothers sitting here together and I am grateful to all the saints, those who pray for me. I also had final exams from school. It was really difficult for me (those questions) that were given to me a few days before the exams. I told myself that I wouldn't give it. I am very weak at learning. And I put it in the Lord's hands again, and He took care of it in such a way that I don't even know how I answered and the exam ended successfully and with honors. I was a bit out of it, or how to describe it. But most of all I'm glad, very glad, that it was shown how our Daddy acts. I felt His love for me, despite all the bad life I had lived. I love you, Lord God, our beloved Father. Amen." I haven't written in a while, but I get letters regularly and they have something to do with the opening of this letter. Members are happy to be in prison. Because otherwise they would not recognize the true God and the love he gives us. It's not that these guys don't want to go home, they do, but they're just thankful that they could get to know Him, because that's when everything changes and, as you've read further, He works miracles beyond miracles. All the letters that I publish, as well as others that I cannot publish from you, are full of miracles. But miracles are only accompanying signs for us to accept the most precious and that is Jesus Christ. And since then we can't live without it. How many NL does a

person need to really believe, how many miracles does he need to believe, I am not thinking of you now, but of the one sitting next to you, or you meet him in the corridor, at work, in the cell. Maybe they will tell you that they want to see it with their own eyes and they will believe it. Really? Read Luke 16: 19-31. But I want to tell you, give them a chance and pray for them, that's our faith and love. **Photo : drawing by Eubomír H. from Sučany prison.**
